**Steering Committee Report – presented by Catherine**

Catherine will post a copy of the report put together by our treasurer reflecting distribution of all funds for the siding. Putting to rest any thoughts that funds were misappropriated.

Volunteer workers have shown up to work on the back of the building. They were informed they had to quite during meeting because of the noise so please have patience with workers as they complete the work.

Suggested after the backside was finished to hold off on spending any more funds until we know we have the funds to pay our bills.

Andrea has volunteered to redo the front room, including bulletin boards. Atascocita group said that was fine. Automatic shut latch will be placed on front door.
